11KV Composite Line Post Insulator

Type: 11KV composite Line Post Insulator

Material: High vulcanized silicone rubber

End Fittings: Top fitting: support conductor; End fitting: fix on steel cross arm or wooden cross arm

Cantilever strength: 10kN.

Application: 11kV composite line post insulator can be classified into four types: Vertical tie top type, Vertical clamp top type, Horizontal clamp top cup base type, Horizontal clamp top gain base type. The types of composite line post insulator are similar to ANSI 57 series porcelain or ceramic line post insulator. 11kV line post composite insulator can place 11kV porcelain line post insulator.

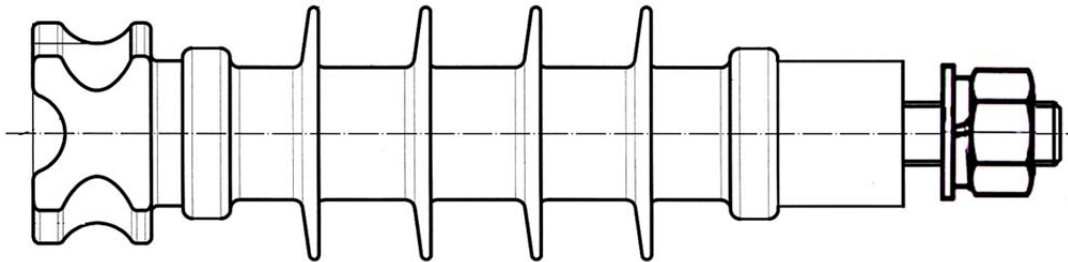

Fig. 11KV 10KN Composite Line Post Insulator

Technical data:

Rated voltage	11	kV
Creepage distance	300	mm
Cantilever strength	10	kN
Power frequency wet flashover voltage	28	kV
Stud of insulator	M20	mm
Color	Grey or red	
Standard	IEC61109	
Package	Carton
